Say Goodnight

words and music Pam Donkin

I love it when you put your arms around me
I love it when you hold me tight
There's a special kind of feeling that I get each time
You come to kiss me good night

It's the feeling that I'm loved from my head to my toes
And when you hold me something in me glows
Please remember I don't want to say goodnight
Until you come and hold me tight

I love it when you sing a song or when you tell me
Everything will be all right
I feel special when you kiss me and say you love me
Before you turn out the light

It's the feeling that I'm loved from my head to my toes
And when you hold me something in me glows
Please remember I don't want to say goodnight
Until you come and hold me tight
